

Please note that the username for testing has been changed; it is now **tester@public0902**

Your settings screen should match the following:

The screenshot shows a 'Settings' dialog box with two main sections: 'Connection' and 'Login'. The 'Connection' section includes fields for 'Server*' (alpha.plutext.org), 'Port*' (80), and 'Servlet path*' (/alfresco/plutextwebdav). The 'Login' section includes fields for 'Username*' (tester@public0902), 'Password*' (masked with dots), 'Repository*' (User Homes), and 'Workspace*' (tester). At the bottom, there are three buttons: 'Test Connection', 'Save', and 'Cancel'.

Section	Field	Value
Connection	Server*	alpha.plutext.org
	Port*	80
	Servlet path*	/alfresco/plutextwebdav
Login	Username*	tester@public0902
	Password*	••••••
	Repository*	User Homes
	Workspace*	tester

The password is still **tester**

You can press "Test Connection" to ensure your settings are correct.

Don't forget to hit the "Save" button!
